

Ventilation Grilles

Plastic Grille / Type LG

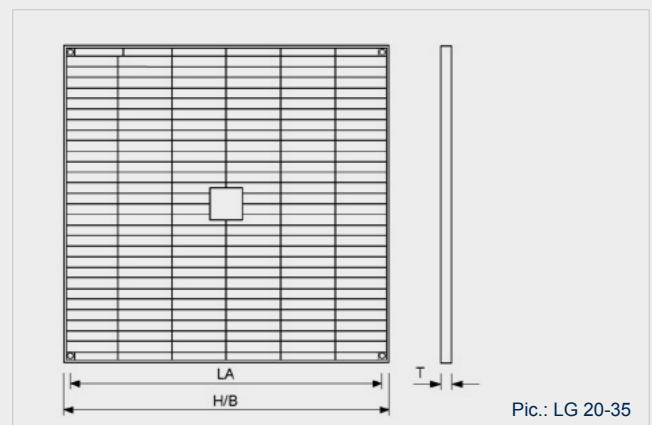

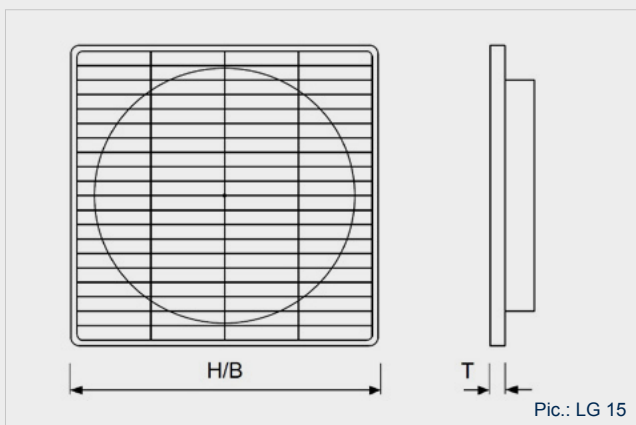

- Air grille for inside and outside use
- Outdoor weathering resistant (UV-stabilized)
- Suitable for an operating temperature range of -30°C to +60°C
- Opening angle 50°
- Specific design guarantees high durability
- Manufactured of high standard ecologically friendly plastic
- Cross-axing roll adjustment prevents penetration of rain water
- Wall or ceiling fixing possible due to integrated bore holes (4mm)
- On request your company's name will appear in the middle of the grille (amount > 500 pieces)
- The air grille type LG 15 is manufactured on the backside with plane end tees (150mm) in a conical form for fitting into pipes
- Plastic Grille packed in polybag (without fastening parts)
